

Designing a Regional Stimulus Resource Center (SRC)

Burl W. Waits, JD

VCI / PLC Follow up to Congresswoman Doris O. Matsui's Small Business Workshop at Sacramento City College August 6, 2009

1. Approximately two hundred small business owners attended the half day session.
2. Basic business information provided was good.
3. Helpful information for applying for stimulus money was sparse.
4. Meaningful follow-up steps and information would be helpful.
5. The workshop results confirmed the need for a local **Stimulus Resource Center**.

Business and nonprofit organization leaders interested in helping develop the proposed resource center are invited to attend a video conference on Tuesday August 11, 2009, requested by Ed Rivera. See following invitation:
